

Rachel Carson Elementary

SOAR to Success

Welcome to Rachel Carson elementary! We would like to share our Success Program with you. Since we are the Falcons, we want to SOAR to success at our school. Here are some of the basics about our Soar to Success program.

SOAR

Safety First

Offer to help others

Always do your best

Respect our school and each other

Our school-wide program will include efforts to support positive student behavior with an incentive program. We will have assemblies, there will be lessons by the classroom teacher and school counselor on a regular basis, common language and clear messages will be delivered by all staff. Our program is aligned with the life skills as defined on the report card. We have adjusted our school discipline policy to reflect the work and commitment we have to support all students.
